

## Large 2 sided H-frame Compactainer®

This 2 m high and almost 1m deep Compactainer is designed for delivery of crates.

The Compactainer design helps you reduce manual handling, improve ergonomics and space efficiency in combination with higher cubic truck fill.

The easy and ergonomic one person nesting ensures that your employees or customers, can reduce space requirements in outlets and storage rooms. Further ensure that you can get all empty roll cages back quickly from the delivery points

### Key benefits

- ✓ Inbuilt efficiency for reverse logistics
- ✓ Long life-span and low total cost of ownership
- ✓ Space-efficient
