3-sided Foldia®

Maximizing both the transport cubic efficiency and space savings at destination, 4 Foldia roll containers can be stacked inside an un-stacked one. Because Foldia is compatible with demountable roll containers, your existing fleet can be upgraded step by step.

As with all K. Hartwall products, Foldia stands for efficient reverse logistics and long life-span for a low total cost of ownership. Foldia also complies with ISO standards.
Key benefits

- ✓ Inbuilt efficiency for reverse logistics
- ✓ Stackability for efficient use of space
- ✓ Compatibility with existing fleet
- ✓ Long life-span and low total cost of ownership
