

Foldia® Plus

Foldia Plus is a smart folding roll container which can be adapted to your needs.

The adjustable sides allow you to modulate its height from 1,3 and 1,9 m depending of the goods transported or the size of truck you are using.

The unit has together 5 different heights.

As for the traditional Foldia roll container, 4 folded units can be stacked inside an open one to maximize both the transport cubic efficiency and space savings at destination.

Key benefits

- ✓ Multipurpose and very space efficient
