

## One Touch Roll Container

The One Touch Roll Container is a distribution roll container designed primarily for the movement of both bags and trays of letter mail. It is ideal for Postal and 3PL providers but also convenience store with limited transport and storage space.

Light and space efficient-unit. Safe in transport thanks to its integrated hand brake. Unit nests efficiently and can transport stacks of 600 mm x 400 mm letter trays – 2 per layer. Packages can be transported through the Supply Chain without any need for repacking.

### Key benefits

- ✓ Inbuilt efficiency for reverse logistics
- ✓ Can be fitted with a sleeve
- ✓ Long life-span and low total cost of ownership
- ✓ Ideal for transport in smaller vans / buses
