

## Bakery Dolly

Designed to carry Broban crates, the Bakery Dolly simplifies your supply chain and reduces the manual workload.

Thanks to the patented stacking system, the dolly stacks can be transported without further strapping and without any risk of tilting – regardless of the wheel position as dollies lock during stacking. Easy to handle with needle bearing wheels! With rubber-wheels, the Bakery Dolly is PIEK certified.

As with all K. Hartwall dollies, Bakery Dolly offers one-touch logistics and is ready for display locking. Built in ISO standard size for MHE compatibility, Bakery Dolly is also suitable for multiple uses and various transportation systems for a long life-span and low total cost of ownership.
