

PackBox

Ready for automation, PackBox folding cage offers great protection and high cubic fill for lightweight goods. Thanks to its see-through mesh, the product visibility in the warehouse is maximized.

Hygienic and easy to clean with no hidden cavities, PackBox is the right choice for low total cost of ownership especially in food industry applications.

Like with all K. Hartwall folding cages, PackBox is efficient in return logistics as well as durable, ergonomic and safe in use.

Key benefits

- ✓ Maximum protection for minimised product damage
- ✓ Can be used in the food industry production area
- ✓ Saves up to 72% of space when folded
- ✓ Optimised vehicle fill in return logistics
- ✓ Automation ready

Technical specifications
