

SmartCube® for standing items

The SmartCube for standing items is designed to carry items which need to be transported vertically such as doors, shower panels, heating elements.

It keeps the transported goods safe and sound – no shrink wrap is needed for protection, a fact that lowers costs and enhances product visibility.

Like with all K. Hartwall foldable cages, the SmartCube for standing items is efficient in return logistics as well as durable, ergonomic and safe in use.

Our different SmartCube models (Standard, Jumbo, Standing items. Light) are compatible with each other.

Please note that the SmartCube is also available in ISO Size (1000 x 1200 mm footprint).

Key benefits

- ✓ Easy and fast to assemble or fold: one person operation
- ✓ Walk in loading
- ✓ No loose parts
- ✓ Fully stackable when empty and folded
- ✓ Stackable when loaded with other SmartCube® solution.
- ✓ Improved vehicle load distribution both in outbound and return logistics
- ✓ Ergonomic unit: access from long side
- ✓ Good product visibility
- ✓ Low maintenance costs

Technical specifications

External dimensions	1222 x 817 x 1470 mm
Internal dimensions	1113 x 695 x 1245 mm
Unit Tare Weight	83 kg
Safe working load	1000 kg
Loaded units / 13,6m trailer	33
Nested units / 13,6m trailer	192
Nesting height	397 mm
Stacking empty warehouse	10 high (9 on 1)
Stacking transport	2 high (1 on 1)
Finish	Zinc electroplate
