

## Beverage Tray for 0,5 l bottles

A new approach to meet the needs of bottlers and retailers alike, Beverage Tray offers optimum product visibility for both single bottles and multi-pack solutions.

Trays minimize manual handling – no more expensive shelving of bottles in the shop! As the tray is a shelf in itself, it stands for One Touch Merchandising from the bottler to the shop and reduces waste in the process.

Compatible with K. Hartwall dollies and pallets, Beverage Trays have secure locking grips between the tray and bottles for a safe transport with no wrap-around.

### Key benefits

- ✓ Optimum product visibility
- ✓ Minimised manual handling
- ✓ Excellent load stability
- ✓ Stackable for space savings
- ✓ Ready for automation in packaging and returning

### Technical specifications
