

Combo tray

Designed specifically to hold all variants of soft drink bottles including 1.25L, 1.5L, 2.0L and 2.25L, the Combo Tray is lightweight, hygienic and durable, and an improvement on current trays in the market due to its unique bottle holding mechanism through the closure rather than the base of the bottle. This makes the unit much more stable in transit improving safety and ensuring better presentation of the product on the floor.

Key benefits

- ✓ Allows mix of bottle sizes
- ✓ Ready-to-sell display
- ✓ High product visibility
- ✓ Reusable and durable
- ✓ No secondary packaging
- ✓ Stackable for space savings

Technical specifications
